

Welcome to Barker Physical Education!

Dear Parents/Guardians

Welcome to the 2020/21 school year! I am so excited to be starting another school year and to be teaching your child Physical Education.

This year will bring about many changes with regulations for social distancing and sanitization. Please know that I have your child's physical health, mental health and well-being as my first priority. As an educator, I must follow the regulations and guidelines that have been mandated by our province as well as our division.

Due to Covid19, there are some precautions that have been implemented into the gym setting.

1. Due to physical distancing, the majority of classes will be taking place outdoors, unless the weather prevents us from doing so. Please make sure your child is dressing appropriately.
2. Children are required to wear masks and maintain a distance of 2 meters from each other. Masks are not required when social distancing measures can be maintained.
3. Intramurals have been suspended until further notice.
4. Divisional tournaments and have been suspended until further notice.
5. Children will use hand sanitizer upon arriving in the gym as well as leaving the gym.
6. Using equipment in the gym is not permitted unless under the supervision and control of Mr. Dyck. Any equipment that can be used will be sanitized immediately by Mr. Dyck.

Due to the constant changing of our guidelines that have been established by our provincial government, any changes that occur in the future, will be shared with children and parents.

My goal this year is to teach your child the importance of physical activity and mental health. I want to instill the idea for your children to maintain their own health, happiness, and desire to be active both now and in the future.

I look forward to this year and I know that we can get through this together!

Sincerely,

Mr. Jordan Dyck
